

Waterfalls & Wilderness

Unique Geology, Forests & Landscapes

Spectacular forest reserves and panoramas

The Experience

Go off the beaten track to see some of the spectacular and extraordinary north eastern Tasmanian unique geology, forests and landscapes. Visit the Mt Victoria and St Columba Falls State Forest Reserves, Pyengana Cheese Factory and Mt Paris Dam.

Mt. Victoria Forest Reserve

Our first stop for the day is Mt Victoria Forest Reserve. A 60 minute walk will take you through three varying landscapes - rain forest, melaleuca forest and button grass plains which along with the Ralph Falls provide a superb nature experience. At over 90 metres, Ralphs Falls is Tasmania's highest single drop waterfall, a streaming ribbon of water plunging over a sheer rock face. An alternate 30 minute return walk to the Ralphs Falls lookout provides stunning rural views

Pyengana & St Columba Falls

A 30 minute drive takes us to the St Columba Falls State Reserve. A 20 minute return walk through a forest of ancient tree ferns, sassafras and myrtle trees lead you to a viewing platform to see St Columba Falls, one of Tasmania's highest multi-tiered waterfalls - spectacular after rainfall.

We visit Pyengana Dairy where award winning cheeses can be tasted along with lunch at the Farmgate Café. The Café overlooks the lush fertile dairy fields and see the cows wander to and from Tasmania's first computerized dairy.

Rainforest Walk, Mt Paris Dam & Glowworms

We travel the Weldborough Pass which offers a 15 -minute easy and interpretive circuit walk through moss-covered myrtle rainforest. Continuing our return journey, we go off the beaten track to visit the Mt Paris Dam site which sits empty and abandoned in the middle of the bush and where nature is being reclaimed with nostalgic flare. A mining tunnel complete with glowworms and the Tasmanian cave spider can also be viewed on the return journey to Scottsdale

Duration: 7 - 8 Hours - Lunch inclusive (Min 2 people)

Departing: 9.00 am - Scottsdale

Bookable: Standby rates available inside 30 days of tour departure date
