

# Ben Lomond & Tamar Valley Vineyards

## Craggy Peaks, Tasmanian Wine & Photography

The Experience - 7 hours

A day of contrasts while visiting the magnificent alpine peaks of Ben Lomond National Park before moving on to the Relbia wine region, visiting Velo and Josef Chromy Vineyards

### *Ben Lomond National Park*

The spectacular Ben Lomond plateau is the largest alpine plateau in Tasmania, and is a mountain environment with extensive and dramatic dolerite cliffs and columns. Its scree slopes, swirling mists and frost-stunted forests are reminiscent of a Tolkien landscape. We drive up Jacobs Ladder, a series of hairpin bends to marvel at the breathtaking view from the platform at the top. The Ben Lomond plateau has 8 of the 20 highest peaks in Tasmania and it has the highest drivable point in Tasmania where Bennett's wallaby and wombats may be seen in daylight hours.

*Tamar Ridge & Timbre Kitchen* (Thurs-Sun)  
The full range of Tamar Ridge wines and Pirie Sparkling can be tasted at the cellar door as well as a range of the Devil's Corner. Lunch is at Timbre Kitchen in the Velo Wine complex and boast A unique note in a symphony of flavour.

*Josef Chromy Wines* (Monday—Wednesday)  
A stunning location to experience superb Tasmanian wines and fine cuisine made with fresh local produce. The Josef Chromy Vineyard Restaurant provides a truly unique location for you to experience sensational views that overlook the picturesque lake and vineyard.

### *Velo Vineyard*

You will enjoy the wine, the knowledge, and the relaxed character of the cellar door personnel. The vineyard has particular significance with plantings of Sauvignon and Pinot Noir, making the Cabernet vines some of the oldest in Tasmania.

Duration: 7 hours (minimum 2-person price)

Departing: 9.30 am - Launceston or Scottsdale

Inclusions: Parks pass, wine tasting and lunch
